

## KING WILLIAM ROAD UPGRADE

### CONSTRUCTION NOTICE – 23 MAY 2019

#### Important information – Upcoming night works, King William Road intersection with Park Street & Mitchell Street

Dear Resident / Business Owner

Construction works on the King William Road Upgrade Project which will transform the main street into an aesthetically pleasing precinct have now started. Prior to commencing the kerbing and paving works, below ground works to install stormwater and drainage pipework and pits and multiple service connections are required.

**What we're doing:** Installing stormwater infrastructure, a common services trench and irrigation system at the King William Road intersection with Park Street and Mitchell Street.

**When it's happening:** Works will be undertaken each night between the hours of 6pm and 6am from Sunday 26 May to Thursday 30 May, finishing 6am Friday 31 May.

**Traffic impacts:** During these works, traffic and speed restrictions will apply.

- From 6pm to 12midnight each night, the King William Road intersection with Park Street and Mitchell Street will remain open with lane and speed restrictions in place.
- From 12midnight to 6am each night, King William Road will **be closed** from just north of Jasper Street to south of Walter Street.

Traffic signage will be in place to alert road users to the temporary changes to traffic conditions. Driveway access to properties will be maintained and pedestrian access will continue to be provided at all times. Traffic controllers will also be on site to assist motorists and pedestrians to move through the area.

Some noise can be expected at times from these works, however, will be managed to minimise disruption where possible.

We thank you for your patience while these important works are undertaken.

If you have any questions about these works please contact the project team on 0467 735 565 or via email at [KWREnquiries@bmd.com.au](mailto:KWREnquiries@bmd.com.au)
